2021 Mentorship Program Application

As an applicant for participation in the 2021 Women In Defense GRID Mentorship Program, I understand that the program will, to the extent possible, provide compatible matches between individuals seeking mentorship with those in management or leadership positions, preferably within the same field or area of expertise. The program seeks to provide protégés with job and career advice, to groom professionals for future career advancements, and to provide new information, ideas, and perspectives. The program allows mentors to participate in shaping future leaders, in fostering the benefits of diversity, and in contributing to a legacy of excellence. The program will provide unique opportunities for networking and professional development.

Please return to Dr. Jennifer Hitchcock, Director of Mentorship, at mentorship@wid-mi.org by Sunday, Feb. 7, 2021.
